Accounting has long been the benchmark by which all other introductory accounting textbooks are measured. It is well known as a comprehensive, authoritative and reliable textbook that has supported students studying introductory accounting for over 20 years. The clarity of explanation and thorough illustration of the accounting process supports learning and prepares students for future study in commerce, and beyond into professional practice. The new edition is ideally suited to accounting and non-accounting majors alike, illustrating accounting procedures and applying accounting information to business and business decision making. Accordingly, changes required under accounting standards and the regulatory environment as a consequence of International Accounting Standards Board (IASB) initiatives and the Conceptual Framework in Financial Reporting have been thoroughly updated in line with recent changes to AIFRS and the Framework. The four-colour design provides students with a more reader-friendly text, enhancing their understanding of concepts and ensuring learning outcomes are achieved. The text builds on the thorough and reliable explanation of the accounting process through the addition of new 'Link to business' chapter vignettes that apply the principles to practice. Previous editions were renowned for the number of exercises and problems, and the new edition builds upon this superior teaching feature. The end-of-chapter activities encourages the development of skills in decision-making, critical thinking, ethical thinking, analysis and communication, building student confidence for success in their course.

Company Accounting 8th edition has been thoroughly updated to reflect the various and ongoing reforms as a result of Australia's adoption of international financial reporting standards. This edition provides an authoritative and reliable overview of the various changes required within the Framework and a selection of the key accounting standards governing corporate entities. Standards such as AASB 101 Presentation of Financial Statements (which relates to external disclosure of financial information in a set of general-purpose financial statements), AASB 3 Business Combinations and AASB 127 Consolidated and Separate Financial Statements. The text will provide students with a comprehensive and practical grounding in the practice and principles of company accounting. The 8th edition presents essential 'must know' information on accounting for a corporate entity and the requirements for externally disclosing the financial position of the entity. NEW TO THIS EDITION Chapter 8 'Business Combinations' has been updated to reflect changes with AASB 108 'Business Combinations' as a result of the Exposure Draft of Proposed Amendments to IFRS 3. All chapters on consolidation of financial statements (chapters 14 to 18) have been updated in accordance with AASB 127 Consolidated and Separate Financial Statements New disclosure requirements, a consequence of AASB 101 Presentation of Financial Statements, are fully integrated Discussion of dividends updated as a consequence of changes in reporting and measurement requirements Revised to accord with changes in AASB as a consequence of continuing reforms with IFRS More 'Learning Check' summaries in all chapters reiterate and summarise important concepts New 'Student Activity Section' in each chapter contains a summary, demonstration problems, discussion questions, case studies, graded exercises and problems Reorganised end-of-chapter sections contain more diverse activity scenarios for students in an attempt to develop a broader skill base. FEATURES 'Learning Checks' support chapter learning objectives and summarise key knowledge for students. They appear throughout each chapter and are ideal for self-study purposes Thorough illustrative examples and demonstration problems with various examples supported with step-by-step narrations. ABOUT THE AUTHORS Ken Leo, B.Com (Hons), MBA (Qld), AAUQ, ACA, FCPA is Professor of Accounting at Curtin University of Technology, Western Australia. In over 30 years as an academic, Ken has taught company accounting to undergraduate and postgraduate students. He was a founding member of the Urgent Issues Group, and has written books and monographs for a variety of organisations including CPA Australia, the Group of 100 and the Australian Accounting Research Foundation. He was a founding member of the Urgent Issues Group, serving on that body from 1995 to 2001. Ken also served on the Australian Accounting Standards Board from 2002 to 2007, both as a member and as deputy chair of the Board. John Hoggett, BCom (Hons), BTh, MFM, AAUQ, FCPA worked in universities in both Western Australia and Queensland for 35 years. During this time, he taught introductory accounting, corporate accounting and accounting theory to undergraduate and postgraduate students. John has written books and monographs for a variety of organisations including CPA Australia and the Group of 100, and has been involved in secondary education with the Curriculum Council of Western Australia. John Sweeting, BEc, MEd, PhD, CPA, CA is a Senior Lecturer in Accountancy at Queensland University of Technology. John's background includes a mixture of academic and business positions. He has taught at Swinburne University of Technology and the University of Central Queensland, and has spent time with the National Companies and Securities Commission (now the Australian Securities and Investments Commission). John has also held positions with a large international chartered accounting firm and a large manufacturing/retailing company listed on the Australian Securities Exchange. He has written for professional journals, and his main area of research is external reporting and profit forecasts in prospectuses. In addition to running in-house courses for accounting firms, John has also conducted Professional Development courses for CPA Australia and The Institute of Chartered Accountants in Australia. He has also been actively involved in both the CPA Program and the CA Program. Jennie Radford, BCom, DipEd, MCom, ACA, recently retired from the School of Accounting at Curtin University of Technology. She has co-authored two research monographs published by Group of 100 and CPA Australia. She has also co-authored and co-edited several textbooks. Jennie was for many years employed as an auditor with 'Big 5' chartered accounting firms. During her academic career, Jennie taught undergraduate and postgraduate courses in financial accounting and corporate accounting. She is a member of the Western Australia Cell of the External Reporting Centre of Excellence (with CPA Australia).

Company Accounting 6th edition has been thoroughly updated to reflect the numerous and profound changes as a result of Australia adopting the International Accounting Standards. The new edition of this text succinctly documents the recent changes to accounting standards, particularly in disclosures in income statements and balance sheets, accounting for income tax and revaluation and impairment of non-current assets. The text is designed to provide students with a comprehensive and practical grounding in the practice of company accounting, under the new International procedures, whilst providing essential information on why and how company accounting entries and disclosures are made.

Accounting 9th edition continues the strong reputation established by this leading Australian text as the most comprehensive book for students studying introductory accounting in undergraduate or postgraduate programs. The full-colour design and improved pedagogy provides students with a reader-friendly text to enhance their understanding of concepts and make their study more enjoyable. The text builds on the thorough and reliable explanation of the accounting process through the Business Knowledge chapter vignettes that apply the principles to practice. Previous editions were renowned for the number of exercises and problems, and the new edition builds on this superior teaching feature. The end-of-chapter activities are designed to encourage student confidence through the development of skills in decision making, critical thinking, ethical thinking, analysis and communication.

Learn how two ordinary Australians achieved extraordinary success and transformed their small suburban business into a thriving national group, which today remains one of the fastest-growing businesses in their field. Whether you're launching your new venture, have an established business, or you're stuck on the work treadmill wondering what you can do to break through and create something truly great, this book is for you. Ed Chan and David Naylor opened their doors in 1990. They started off with just one staff member and a small group of clients. Two decades later, Chan Naylor has built a small business empire with offices throughout Australia. As well as being ranked in the top 40 firms in its field, Chan Naylor is recognised as one of the fastest growing businesses in Australia's professional services industry. Small to Great looks in detail at the strategies and tactics that Ed Chan and David Naylor have employed to make it happen. It is a roadmap to success. Light on theory and heavy on practical, proven strategies, this book reveals the tried and tested tools that Ed and David have successfully implemented in a growing network of offices across the country. This book will give you a clear picture of what you need to do to build a successful, profitable business that hands you back your freedom, rather than keeping you a prisoner in your business. You'll learn: - How to create a business that provides the ultimate outcome: more choices - How to leverage via your team, your systems and your customers - Why you have to give some of your business away to be really successful - What the real meaning of culture is and why it is so vital to your success - The systems and procedures we've developed in order to manage the most difficult element of any business: its people - The systems, processes, templates and information that has changed our business and our life - What the right business structure is for your situation, so you can protect your assets, maximise profits and cashflow and legally reduce your tax - How to structure your business to fast track wealth creation through property by leveraging pre-tax profits and cashflows - How to get 2, 4, 10 or 100 people doing what you used to do effectively and efficient

Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.
