Antwerp is situated on the Schelde (Scheldt) River, about 55 miles (88 km) from the North Sea. The Schelde, together with the Meuse and the Rhine, forms the biggest estuary in western Europe, and Antwerp is an essential part of an enormous harbour complex, one of the greatest in the world. The harbour installations of Antwerp grew especially after World War II.

village to the Six Mile Reservoir, the site of the Reservoir War in 1887. Antwerp is the birthplace of Asa Long, the English draughts player. The place is named after the Flemish city of Antwerp.

Bolano ' s radical first novel makes its paperback debut as a New Directions Pearl. Written when he was only twenty-seven, Antwerp can be viewed as the Big Bang of Roberto Bolano ' s fictional universe. This novel presents the genesis of Bolano ' s enterprise in prose; all the elements are here, highly compressed, at the moment when his talent explodes. From this springboard—which Bolano chose to publish in 2002, twenty years after he ' d written it (“ and even that I can ' t be certain of ”)—as if testing out a high dive, he would plunge into the unexplored depths of the modern novel. Voices speak from a dream, from a nightmare, from passersby, from an omniscient narrator, from “ Roberto Bolano. ” Antwerp ' s fractured narration in fifty-four sections moves in multiple directions and cuts to the bone.

A rich history of Antwerp from the author of the acclaimed bestseller *The Edge of the World* Even before Amsterdam there was a dazzling North Sea port at the hub of the known world: the city of Antwerp. Antwerp was sensational like nineteenth-century Paris or twentieth-century New York, somewhere anything could happen or at least be believed: killer bankers, easy kisses, a market in secrets and every kind of heresy. For half the sixteenth century, it was the place for breaking rules - religious, sexual, intellectual. In

Antwerp, things changed. One man cornered all the money in the city and reinvented ideas of what money meant. Another gave Antwerp a new shape purely out of his own ambition. Jews fleeing the Portuguese Inquisition needed Antwerp for their escape, thanks to the remarkable woman at the head of the grandest banking family in Europe. Thomas More opened Utopia there, Erasmus puzzled over money and exchanges, William Tyndale sheltered there and smuggled out his Bible in English until he was killed. Pieter Bruegel painted the town as The Tower of Babel. But when Antwerp rebelled with the Dutch against the Spanish and lost, all that glory was buried and its true history rewritten. The city that unsettled so many now became conformist. Mutinous troops burned the city records. Michael Pye sets out to rediscover the city that was lost and bring its wilder days to life using every kind of clue: novels, paintings, songs, schoolbooks, letters and the archives of Venice, London and the Medici. He builds a picture of a city haunted by fire, plague and violence, but learning how to be a power in its own right in the world after feudalism. This is the Antwerp which was the proud 'exception' to all of Europe.

Brussels may be the heart of the EU but unassuming Antwerp has long been one of Europe's most prosperous ports. Join us as we drop anchor at both cosmopolitan hubs - and dip in and out of a few of Belgium's smaller, canal-laced cities in between. It's a boon and burden to Belgium that Brussels is the capital of both the country and the rest of Europe. There are many benefits to hosting this lofty seat of power but the city can also fall victim to the associated red tape. An hour away by train, Antwerp is a more relaxed

When it ' s time for a break, sample fine chocolates or sip local beers—each served in its own distinctive glass. Rick ' s candid, humorous advice will guide you to good-value hotels and restaurants. He ' ll help you plan where to go and what to see, depending on the length of your trip. You ' ll get up-to-date recommendations about what is worth your time and money. More than just reviews and directions, a Rick Steves guidebook is a tour guide in your pocket. This first edition guide replaces Rick Steves' Snapshot

Bruges & Brussels, ISBN 9781612382296.

The economy of Antwerp in the fourteenth, fifteenth and sixteenth centuries had a very special dynamism. It underwent the processes of rise, expansion, maturity and decadence with peculiar intensity. It gave an impressive stimulus to the commercial currents, maritime and continental, which converged on the town. It inspired the appearance and growth of new institutions and intensified changes in the social and economic structure. It was the heart of commerce, industry and agriculture for a large area and particularly of Brabant, Flanders and Zeeland.

Moreover Antwerp's economy was an important, and sometimes even the principal, artery of the whole European economy. Antwerp's dynamism was not purely irrational : numerous factors, which a detailed analysis allowed us to ascertain, forced its economic development. The first was the recitativ du cycle to use Braudel's terminology. This was however no mere histoire evenementielle. We closely followed the rhythm and even crises of Antwerp's economy, but all these quantitative and qualitative data allowed a comprehensive insight into the interdecennial waves. This permitted a reasonably distant view of the data which made it more possible to observe a logical dynamic. Thus it was not in the first place our purpose to present in this first part a purely documentary report of historical facts. We were rather concerned with the analysis of the factors which determined or influenced the dynamics of the Antwerp market and the economy of the Low Countries.
