A central current in the history of democratic politics is the tensions between the political culture of an informed citizenry and the potentially antidemocratic impulses of the larger mass of individuals who are only marginally involved in the political world. Given the public's low level of political interest and knowledge, it is paradoxical that the democratic system works at all. In *The Paradox of Mass Politics* W. Russell Neuman analyzes the major election surveys in the United States for the period 1948-1980 and develops for each a central index of political sophistication based on measures of political interest, knowledge, and style of political conceptualization. Taking a fresh look at the dramatic findings of public apathy and ignorance, he probes the process by which citizens acquire political knowledge and the impact of their knowledge on voting behavior. The book challenges the commonly held view that politically oriented college-educated individuals have a sophisticated grasp of the fundamental political issues of the day and do not rely heavily on vague political symbolism and party identification in their electoral calculus. In their expression of political opinions and in the stability and

Read Free Ap Government Chapter 6

coherence of those opinions over time, the more knowledgeable half of the population, Neuman concludes, is almost indistinguishable from the other half. This is, in effect, a second paradox closely related to the first. In an attempt to resolve a major and persisting paradox of political theory, Neuman develops a model of three publics, which more accurately portrays the distribution of political knowledge and behavior in the mass population. He identifies a stratum of apoliticals, a large middle mass, and a politically sophisticated elite. The elite is so small (less than 5 percent) that the beliefs and behavior of its member are lost in the large random samples of national election surveys, but so active and articulate that its views are often equated with public opinion at large by the powers in Washington. The key to the paradox of mass politics is the activity of this tiny stratum of persons who follow political issues with care and expertise. This book is essential reading for concerned students of American politics, sociology, public opinion, and mass communication.

Guided by the belief that students must first understand the origins of American government to fully understand the issues facing the United States today, this market-leading text offers the strongest coverage of both history and current events of any college textbook devoted to American politics. From hallmark features like “The Living Constitution” to new features like the illustrated historical timelines, *American Government: Continuity and Change* provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This bestselling book has been extensively revised to provide in-depth coverage of the 2008 presidential and congressional elections, President George W. Bush’s second administration and the 110th Congress, continued controversies related to the wars in Iraq and Afghanistan and the war on terrorism, and domestic concerns related to rising gas and food prices and the subprime mortgage crisis.

This new offering from AP® teacher Karen Waples and college professor Scott Abernathy is tailor-made to help teachers and students transition to the redesigned AP® U. S. Government and Politics course. Carefully aligned to the course framework, this brief book is loaded with instructional tools to help you and your students meet the demands of the new course, such as integrated skills instruction, coverage of required cases and documents, public policy threaded throughout the book, and AP® practice after every chapter and unit, all in a simple organization that will ease your course planning and save you time. We’ve got you covered!

Congress For Dummies helps you sort out what Congress does on a daily basis and what it all means to you, the citizen. It shows you how to get organized, make your voice heard, and influence legislation that might affect you. Full of helpful resources such as contact information for House and Senate offices, and smart, straightforward explanations of the legislative process, this book is everything you need to understand Congress and get involved in your government. Whether you just want to know how government works, or you want to get involved to change your country, this simple guide covers all the ins and outs of Congress. It’s a nonpartisan look at Congress that includes forewords by Speaker of the House Dennis Hastert and Senate Minority Leader Tom Daschle. Inside you’ll find easy explanations and helpful tips on how to: Get involved in the democratic process Influence legislation that’s important to you Understand Congress and the media Contact your senators and representatives Check out Congress in action, in person Deal with congressional staff Expert author David Silverberg — Managing Editor and a columnist at the Washington weekly *The Hill* — take the mystery out of

Read Free Ap Government Chapter 6

getting something done in Congress, introducing you to the players and explaining everything from legislation and lobbying to caucuses and coalitions. Written with the citizen advocate in mind, this helpful guide gives regular people the tools and knowledge they need to achieve their aims. Inside, you'll discover: How the three branches of government work together How to register your opinion with your elected officials How the legislative process works — from idea to law How debates, conferences, and vetoes work How budgeting and appropriations work How to get the most effect from your political contributions How the lobbying process works How to advocate for legislation How to deal with congressional staffers How to make use of congressional services Getting something done in the messy confusion of democracy and bureaucracy is no easy task. Full of the kind of information and knowledge that Washington insiders take for granted, *Congress For Dummies* levels the playing field so that regular people— just like you — can make a difference, too.

American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

This book engages readers with the edited texts of the required 15 U.S. Supreme Court cases necessary to prepare for the AP Politics and Government exam. Guidance is provided to assist with vocabulary, complex legal analysis, reading questions, and extension possibilities to promote thinking about the application of the cases in new settings.

All the tools students need to understand American politics—with 9 chapters on Texas government and politics.
