Bones of Contention: A Creationist... book by Marvin L ...

Whether you are a creationist or an evolutionist, this is a book you should read. There is no way an evolutionist can read Bones of Contention and remain a hard-core believer in evolution. If a Darwinist reads this book and remains committed to the goo-to-you theory, then they are in denial.

Bones of Contention: A Creationist

Online Library Bones Of Contention A Creationist Assessment of Human... Fossils

This review was written for Bones of Contention: A Creationist Assessment of Human Fossils, Revised and Updated. This book is well worth every penny. Lubenow ably collects evidence to show how the "human fossil" records are manipulated to spread the lie of human evolution.
