Right: Tim and I are going to a movie tonight. Why? If you take Tim out of the sentence, "you" are the subject. You are going to a movie. When you're going to a movie, what do you say? "I am going to a movie." You wouldn't say, "Me am going to a movie." When you add Tim, the sentence construction remains the same.

## Where To Download Correct Your English Errors Tim Collins

Having analysed the most common English errors made in over 600 academic papers written by Chinese undergraduates, postgraduates, and researchers, Steve Hart has written an essential, practical guide specifically for the native Chinese speaker on how to write good academic English. *English Exposed: Common Mistakes Made by Chinese Speakers* is divided into three main sections. The first section examines errors made with verbs, nouns, prepositions, and other grammatical classes of words. The second section focuses on problems of word choice. In addition to helping the reader find the right word, it provides instruction for selecting the right style too. The third section covers a variety of other areas essential for the academic writer, such as using punctuation, adding appropriate references, referring to tables and figures, and selecting among various English date and time phrases. Using *English Exposed* will allow a writer to produce material where content and ideas—not language mistakes—speak the loudest.

New title! An essential handbook by noted author and ESL teacher Bob Marsden covering 50 common usage, style, and syntax errors encountered by English Language learners in day-to-day speech and writing. Provides easy-to-understand guidance on such topics as word order in indirect speech, irregular plurals, verb choice in tag questions, comparatives and superlatives, and choice of adjectives with count vs. noncount nouns. Includes special reference sections on English verb tenses and irregular verbs.

The best-selling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated Twelfth Edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, *The Blue Book of Grammar and Punctuation* offers comprehensive, straightforward instruction.

They say the only certainties in life are death and taxes. I would add a third: mistakes. We all commit errors - often small ones, sometimes big ones, and all too frequently the same ones. What if you learned it was actually crucially important to learn from our mistakes? What if you discovered that the most successful people and organizations in

## Where To Download Correct Your English Errors Tim Collins

the world did just that, and it is often one of the secrets to their success? What if someone gave you a simple tool - a six-step checklist captured in the acronym M.A.S.T.E.R. - which you could use to quickly draw the right lessons from both little miscues and massive failures? Finally, what if you were taught 12 key habits that your team or organization could implement to harness the power of failure? Whether you're an entrepreneur, an employee or an executive, this book is for you. All winners in sports, business and life consistently and systematically learn from their mistakes. It's also the fastest, simplest, most powerful and yet least practiced way to improve you or your organization's performance. We know intuitively we should learn from our missteps. However, very few of us actually do, and that itself is a huge error. Discover what Michael Phelps, Warren Buffett, Amazon and Delta Force have in common in "The Magnificent Mistake."

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Grammar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area Developed by acclaimed speech consultant and accent specialist Susan Cameron, *Perfecting Your English Pronunciation* features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like

## Where To Download Correct Your English Errors Tim Collins

you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

No one is born with good writing skills. It takes time to learn proper writing techniques and a great deal of practice to improve your skills. Our exercises allow you to improve writing and grammar skills while rewriting real world English passages. The English passages included in this book are mostly workplace oriented. Therefore they are more suitable for working adults. Rewrite the passages as directed. One suggested answer is provided for each passage. As there is no 'best' way to write and rewrite (to be honest, there's simply no particular way), it is recommended that you try your best and rephrase or restructure the sentences as needed. You may write several different versions and then decide which one operates best for your purposes. We assume that your basic grammar is accurate and that you have a minimal level of skills writing and going into detail. You should be able to read and write basic information, and use individual words and phrases in familiar situations.
