liked from the draft that did not fit), and datafiles that go with our book.

Exploring Big Historical Data: The Historian's
Macroscopic

Exploring Big Historical Data should be the go-to resource for undergraduate and graduate students confronted by a vast corpus of data, and

Where To Download

researchers encountering these methods for the first time. It will also offer a helping hand to the interested individual seeking to make sense of genealogical data or digitized newspapers, and even the local historical society who are trying to see the value in digitizing their holdings.
