For colleges and universities around the world, John Wiley & Sons is proud to announce Financial Accounting: IFRS Edition, by Jerry J. Weygandt, Paul D. Kimmel, and Donald E. Kieso, which incorporates International Financial Reporting Standards (IFRS) into the existing textbook framework. On almost every page, the book addresses every accounting topic from the perspective of IFRS while still highlighting key differences between IFRS and US GAAP. Following the reputation for accuracy, comprehensiveness, and currency, the authors have painstakingly created a book dedicated to assisting students learning accounting topics under the rules of IFRS.

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy,

Financial accounting (or financial accountancy) is the field of accounting concerned with the summary, analysis and reporting of financial transactions pertaining to a business. This involves the preparation of financial statements available for public consumption. Stockholders, suppliers, banks, employees, government agencies, business owners, and other stakeholders are examples of people interested in receiving such information for decision making purposes. Financial accountancy is governed by both local and international accounting standards. GAAP (which stands for Generally Accepted Accounting Principles) is the standard framework for guidelines for financial accounting used in any given jurisdiction. It includes the standards, conventions and rules that accountants follow in recording and summarising and in the preparation of financial statements. On the other hand, IFRS (International Financial Reporting Standards) is a set of international accounting standards stating how particular types of transactions and other events should be reported in financial statements. IFRS are issued by the International Accounting Standards (IASs). With IFRS becoming more widespread on the international scene, consistency in financial reporting has become more prevalent between global organisations. Whilst financial accounting is used to prepare accounting information for people outside the organisation or not involved in the day-to-day running of the company, management accounting provides accounting information

to help managers make decisions to manage the business.

The fifth edition of Financial Accounting: IFRS Principles is a concepts-based South African text that assumes a basic knowledge of financial accounting, and then helps readers understand and apply the International Financial Reporting Standards (IFRS Standards). It also references the IFRS for SMEs Standard, which is applicable to small and medium-sized enterprises. The book has been updated to bring it in line with the 2018 Conceptual Framework. It has been revised to be more accessible, and now includes simpler, more concise explanations, conceptual diagrams and additional worked examples. The pedagogy of the book supports the development of crucial strategies and sound financial reporting knowledge, providing an excellent balance between theory, practice and strategy. It is suitable for second and third-year courses in financial accounting on the Chartered Accountant or General Accountant stream at universities as well as universities of technology.

This thoroughly revised and updated edition, with most of the chapters of the previous edition rewritten, clearly analyzes the concepts and applications of financial accounting. The book acquaints the readers with the new International Financial Reporting Standards (IFRS) which are applicable in India from 1 April 2011 onwards. Divided into 17 chapters, the text explains, with the help of many tables, boxes, and practical examples, all the basic accounting principles. The book is written in an accessible and reader-friendly manner so that the students can comprehend the subject with great ease. Intended primarily for postgraduate students of management, the book should also be extremely useful for those preparing for accountancy examinations. Besides, practising managers should find the book handy for analyzing financial statements. The text is prepared based on IFRS revised up to 1 September 2010. Includes Revised Schedule VI on Profit and Loss Account Format, and an Annexure on Notifications on Revised Schedule VI. The book provides a CD containing a large number of PowerPoint Presentations (PPTs), along with the amended Schedule VI. The chapters, particularly those covering accounting standards, have been thoroughly revised.
