Updated in its 13th edition, Joseph Devito's The Interpersonal Communication Book provides a highly interactive presentation of the theory, research, and skills of interpersonal communication with integrated discussions of diversity, ethics, workplace issues, face-to-face and computer-mediated communication and a new focus on the concept of choice in communication. This thirteenth edition presents a comprehensive view of the theory and research in interpersonal communication and, at the same time, guides readers to improve a wide range of interpersonal skills. The text emphasizes how to choose among those skills and make effective communication choices in a variety of personal, social, and workplace relationships

An update of a college-level text, first published in 1996, addressing concepts and methods for improving communication through study of the self, language, nonverbal communication, conflict management, and communication with family, friends, lovers, and colleagues. Previous editions ('Social Skills in Interpersonal Communication') have established this work as the standard textbook on communication. Directly relevant to a multiplicity of research areas and professions, this thoroughly revised and updated edition has been expanded to include the latest research as well as a new chapter on negotiating. Key examples and summaries have been augmented to help contextualise the theory of skilled interpersonal communication in terms of its practical applications. Combining both clarity and a deep understanding of the subject matter, the authors have succeeded in creating a new edition which will be essential to anyone studying or working in the field of interpersonal communication.
