Offering a comprehensive overview of the current situation in the country, The Handbook of Contemporary Cambodia provides a broad coverage of social, cultural, political and economic development within both rural and urban contexts during the last decade. A detailed introduction places Cambodia within its global and regional frame, and the handbook is then divided into five thematic sections: Political and Economic Tensions Rural Developments Urban Conflicts Social Processes Cultural Currents The first section looks at the major political implications and tensions that have occurred in Cambodia, as well as the changing parameters of its economic profile. The handbook then highlights the major developments that are unfolding within the rural sphere, before moving on to consider how cities in Cambodia, and particularly Phnom Penh, have become primary sites of change. The fourth section covers the major processes that have shaped social understandings of the country, and how Cambodians have come to understand themselves in relation to each other and the outside world. Section five analyses the cultural dimensions of Cambodia's current experience, and how identity comes into contact with and responds to other cultural themes. Bringing together a team of leading scholars on Cambodia, the handbook presents an understanding of how sociocultural and political economic processes in the country have evolved. It is a cutting edge and interdisciplinary resource for scholars and students of Southeast Asian

Compact, yet comprehensive, Manual of Critical Care Nursing: Interprofessional Collaborative Management, 8th Edition is the go-to reference for helping you provide safe, high-quality nursing care in critical care settings. Written in an abbreviated outline format, it presents essential information on more than 75 disorders and conditions, as well as concepts relevant to caring for critically ill patients and functioning in the critical care environment. Award-winning clinical nurse specialist Marianne Baird separates the content first by body system and then by disorder, with each disorder including a brief description of pathophysiology, assessment, diagnostic testing, collaborative management, nursing diagnoses, desired outcomes, nursing interventions, and patient teaching and rehabilitation. Coverage of more than 75 disorders most commonly seen in progressive and critical care settings equips you with all the content needed to handle problems in critical care nursing. Consistent, easy-to-use format mirrors a practicing nurse's approach to patient care and facilitates quick reference to vital information. Diagnostic Tests tables highlight the definition, purpose, and abnormal findings for each test. Gerontologic considerations and bariatric considerations are highlighted throughout to direct attention to patients with unique needs in critical care settings. NOC outcomes and NIC interventions apply standardized nursing taxonomies to the disorders and conditions most commonly encountered in progressive and critical care settings. Portable size makes it ideal for use on the unit or at the bedside. Safety Alert! and High Alert! boxes call attention to issues vital to patient safety. NEW! Focused

content and a more streamlined, quick-reference format emphasize generic "patient problems" language in lieu of nursing-specific diagnoses to promote interprofessional collaboration and improved communication facilitated by a shared language. UPDATED! Comprehensive coverage reflects the latest evidence-based practice and national and international treatment guidelines. NEW and UNIQUE! Coverage of interprofessional collaborative management includes Interprofessional Collaborative Management headings and tables that concisely summarize relevant performance measures while incorporating the best available patient care guidelines. NEW! Enhanced focus on need-to-know content facilitates quicker information retrieval in time-sensitive high acuity, progressive, and critical care settings.

Covers such issues as how to recognize a great technology company, when to invest and when to get out, protecting the portfolio, and other topics for making the right investment choices.
