"This new edition maintains Shillington's position as an expert who is adept at providing readers with an engaging and intricate portrait of Africa's past. . . A master of the material, Shillington presents a volume that flows and informs. History of Africa is a compelling narrative of change over time on the continent. . .

Indispensable for students of diplomacy and junior members of diplomatic services, this dictionary not only covers diplomacy's jargon but also includes entries on legal terms, political events, international organizations, e-Diplomacy, and major figures who have occupied the diplomatic scene or have written about it over the last half millennium.

Chinese banks have been making headlines recently, but what lies beneath? Banking in China appears different. What explains the current arrangement? What can we expect from such a banking industry in the future? This book answers these two questions in a fully revised second edition and contributes to a new understanding of Chinese banks.

The Palgrave Macmillan Dictionary of Women's Biography contains details of the lives of over 2100 women from all periods, cultures and walks of life - from queens to TV chefs, engineers to stand up comics, pilots to poisoners. With subsections for further reading, comprehensive subject index and a bibliographical survey, this dictionary of women's biography is an

invaluable reference source.

Proponents of American public diplomacy sometimes find it difficult to be taken seriously. Everyone says nice things about relying less on military force and more on soft power. But it has been hard to break away from the longtime conventional wisdom that America owes its place in the world primarily to its muscle. Today, however, policy makers are recognizing that merely being a "superpower" - whatever that means now - does not ensure security or prosperity in a globalized society. *Toward a New Public Diplomacy* explains public diplomacy and makes the case for why it will be the crucial element in the much-needed reinvention of American foreign policy.

This best-selling guide will help you get to grips with the larger themes and issues behind historical study, while also showing you how to formulate your own ideas in a clear, analytical style. Fully updated throughout, further advice on using web-based sources and avoiding plagiarism will equip you with the tools you need to succeed on your course.

Payment systems are changing profoundly through regulation, technology and competition from new entrants. This is a comprehensive introduction and reference on payment systems, covering their structure, international systems and settlements, and focusing on electronic transfers. Concludes with the future of the payments business.

paged and not included in the consecutive numbering of the regular series.

Do the various aspects of Europe's multi-leveled public diplomacy form a coherent overall image, or do they work against each other to some extent? *European Public Diplomacy* pushes the literature on public diplomacy forward through a multifaceted exploration of the European case.

This book on *Latin American Diasporas in Public Diplomacy* explains and illustrates, through case studies, the different strategic roles that diaspora groups play in modern public diplomacy efforts. These are categorized by being participatory, having a strong involvement of non-state actors, involving frequent partnerships, and placing an increased focus on global issues. In particular, this book provides, in its 13 chapters, the perspective of Latin American diasporas and nations, which are severely underrepresented in the public diplomacy literature. Additionally, because it is written from a strategic communication perspective, this book provides insight into a variety of public diplomacy approaches employed by modern-day diasporas from Latin America. It also describes some examples of diaspora-targeted, state-led public diplomacy efforts in the region. Taking a regional focus to the exploration of diasporas in public diplomacy, this edited book facilitates cross-country comparisons and the understanding of the phenomena beyond the country-specific cases.

Recently, we have witnessed a rearticulation of the traditional relationship between the past, present and future, broadening historiography's range from studying past events to their later
