 Ornithology is a branch of zoology that concerns the "methodological study and consequent knowledge of birds with all that relates to them". Several aspects of ornithology differ from related disciplines, due partly to the high visibility and the aesthetic appeal of birds. It has also been an area with a large contribution made by amateurs in terms of time, resources, and financial support.

 There are surprisingly few Ornithology courses in light of the fact that there are many millions of birders. However, there are some Degree and Diploma courses and even a few certificate courses that can be taken as distant learning. Those courses I know about with Websites are listed below – please let me know of any I have missed.

Ornithology Courses - Birdwatching, Birding & Bird Travel ...
 Charles Christopher "Bird" Parker, Jr (29th August 1920 – 12th March 1955) was a U.S. bebop saxophonist and composer. Early in his career Parker was dubbed Yardbird; this was later shortened to "Bird" (or sometimes "Yard") and remained Parker's nickname for the rest of his life, and inspiration for the titles of his works such as "Ornithology and Yardbird suite".
