philosophy.

In *Taking Morality Seriously: A Defense of Robust Realism* David Enoch develops, argues for, and defends a strongly realist and objectivist view of ethics and normativity more broadly. This view—according to which there are perfectly objective, universal, moral and other normative truths that are not in any way reducible to other, natural truths—is familiar, but this book is the first in-detail development of the positive motivations for the view into reasonably precise arguments. And when the book turns defensive—defending Robust Realism against traditional objections—it mobilizes the original positive arguments for the view to help with fending off the objections. The main underlying motivation

## Download Free Philosophy 101 Ethics And Social Issues

for Robust Realism developed in the book is that no other metaethical view can vindicate our taking morality seriously. The positive arguments developed here—the argument from the deliberative indispensability of normative truths, and the argument from the moral implications of metaethical objectivity (or its absence)—are thus arguments for Robust Realism that are sensitive to the underlying, pre-theoretical motivations for the view.

A provocative and lucid defense of retributivism against several long-standing criticisms. The author explores the matter of reparations for past wrongs in the case of crimes committed against Native Americans by the United States Government. Unequaled in its depth and scope of discussion

# Download Free Philosophy 101 Ethics And Social Issues

the book delves deeply into particular concerns with retributivism, responsibility, and certain areas of compensation.
