**Quantum Physics For Babies Baby**

The perfect board book for toddlers! Written by an expert, Quantum Physics for Babies is a colourfully simple introduction to the principle that gives quantum physics its name. Babies (and grownups!) will discover that the wild world of atoms never comes to a standstill. With a tongue-in-cheek approach that adults will love, this instalment of the Baby University board book series is the perfect way to introduce basic concepts to even the youngest scientists.
