Information service, in the most general sense, is the process of assisting library users to identify sources of information in response to a particular question, interest, assignment, or problem. Sometimes referred to as reference service, the Reference and User Services Association (RUSA) of the American Library.

Introduction-to-Reference-and-Information-Services

Shelves: *lis-web*, solid introduction to all things Reference. I especially liked the in-depth bibliographies and the lists of the top 10ish resources for each particular realm of reference (i.e. government, encyclopedia/ready reference, medical, etc...). Good coverage of Web 2.0 topics and where reference is headed.

Reference and Information Services in the 21st Century---

Authors Kay Ann Cassell and Uma Hiremath, two experienced librarians, have teamed up to create Reference and Information Services in the 21st Century: An Introduction, a rich and versatile text that introduces the general concept of reference, serves as a useful guide to reference materials, and provides an overview of the current state of reference and its potential future directions. Arranged in four major sections, the book also tackles the fundamental concepts of reference, major ...
