and inspires an entire town." Leah's pony is swift and strong. Together they ride, crossing through cornfields and over pastures, chasing cattle as they gallop under summer skies. Then one year, the corn grows no taller than a man's thumb. Locusts blacken the sky, and the earth turns to dust. Gone were the cornfields and pastures where Leah and her pony used to ride. It is the beginning of the great drought, and Leah's father faces losing the family farm. But Leah's bravely decides to act. This deeply felt story, vividly portrayed through stunning oil paintings, tells the story of a selfless young woman and her sacrifice for her family.

From Newbery media winner Karen Hesse comes an unforgettable story of an immigrant family's journey to America. "America," the girl repeated. "What will you do there?" I was silent for a little time. "I will do everything there," I answered. Rifka knows nothing about America when she flees from Russia with her family in 1919. But she dreams that in the new country she will at last be safe from the Russian soldiers and their harsh treatment of the Jews. Throughout her journey, Rifka carries with her a cherished volume of poetry by Alexander Pushkin. In it, she records her observations and experiences in the form of letters to Tovah, the beloved cousin she has left behind. Strong-hearted and determined, Rifka must endure a great deal: humiliating examinations by doctors and soldiers, deadly typhus, separation from all she has ever known and loved, murderous storms at sea, detainment on Ellis Island--and is if this is not enough, the loss of her glorious golden hair. Based on a true story from the author's family, Letters

from Rifka presents a real-life heroine with an uncommon courage and unsinkable spirit.

A champion manager of people, Jack Welch shares the hard-earned wisdom of a storied career in what will become the ultimate business bible *With Winning*, Jack Welch delivers a wide-ranging, in-depth, no-holds-barred management guidebook about the tough strategic, organizational, and personal challenges that face people at every stage of their careers. Loaded with candid personal anecdotes, hard-hitting advice, and invaluable dos and don'ts, Jack explains his theory of business, by laying out the four most important principles that form the foundation of his success. Chapters include: How to Get Promoted, How to Think about Strategy, How to Write a Budget that Works, How to Work for a Jerk, How Find Work-Life Balance and How Start Something New. Enlivened by quotes from business leaders that Welch interviewed especially for the book, it's a tour de force that reflects Welch's mastery of execution, excellence and leadership.

"The course of true love never did run smooth."  
--William Shakespeare  
When the prince spies Rapunzel high in her tower, he's convinced she is the girl of his dreams. Of course he thinks he can save her the traditional way, but this is no traditional Rapunzel. She throws down everything but what the princ asks for--including a surprise that makes all his dreams come true. A hilarious fractured fairy tale with clever page-turns and vibrant, eclectic art that is perfect for funny Valentine's Day story hours.

"[An American Childhood] combines the child's sense of wonder with the adult's intelligence and is written in some of the finest prose that exists in contemporary America. It is a special sort of memoir that is entirely successful...This new book is [Annie Dillard's] best, a joyous ode to her own happy childhood." — Chicago Tribune A book that instantly captured the hearts of readers across the country, *An American Childhood* is Pulitzer Prize-winning author Annie Dillard's poignant, vivid memoir of growing up in Pittsburgh in the 1950s and 60s. Dedicated to her parents - from whom she learned a love of language and the importance of following your deepest passions - this narrative tale will resonate for everyone who has ever recalled with longing playing baseball on an endless summer afternoon, caring for a pristine rock collection, or knowing in your heart that a book was written just for you.

Suzy Farbman was a successful author who Oprah introduced to the world as an expert on the tough challenge of saving a marriage. But, behind the scenes, Suzy's world was falling apart after an ominous diagnosis from her doctors. For years, Suzy had traveled widely as a writer for magazines including *Better Homes and Gardens*. Back from *Betrayal*, the popular memoir by Suzy that Oprah recommended, told how Suzy and her husband repaired deep problems in their own marriage. Suddenly, readers nationwide were seeking Suzy's advice about relationships. Yet, at the height of this success, Suzy privately knew that her body was failing. Facing the same tough journey that looms for millions of Americans each year, this tough journalist

suddenly found herself scared. This athlete suddenly found herself weak. This big-hearted wife, mother and grandmother worried that she didn't have much time left to enjoy the relationships that defined her life. Fear. Weakness. Facing death. These are life's deepest spiritual challenges, Suzy discovered. Searching for solutions, Suzy also found that America's wealth of medical expertise is equaled by our wealth of spiritual resources. Like millions of Americans, Suzy searched for the best doctors-but she also called on her colorful circle of friends and tried everything from psychotherapy to contemplating angels, from ancient prayers to a hope in miracles. Her warm, suspenseful and often funny journey of mixed disciplines is far from a dead end! Suzy realized that God reaches out to us through all of these resources-from doctors to spiritual teachers. As a veteran writer, Suzy quickly picked up her pen and now invites readers into her journey of survival and spiritual awakening. Best of all, none of the awakenings that Suzy describes in this moving story turned out to be miracles. Instead, she argues that anyone can look for the same kinds of GodSigns that broke through into her world on a daily basis. Anyone can find hope with Suzy as their guide through one of life's biggest challenges. If you enjoyed her earlier book about marriage-Back from Betrayal: Saving a Marriage, a Family, a Life-then, you're sure to love GodSigns. If you're meeting Suzy for the first time, you won't find a better storyteller to take your hand through America's diverse wealth of medical and spiritual treasures. Other books about recovery and spiritual transformation lead readers to more blind alleys than bright doorways. Suzy specializes in

finding the light in the most unlikely of places. Other books about survival are grim. But, as you turn the pages of *GodSigns*, you'll find yourself smiling, occasionally even laughing. You'll meet surprising people in these pages. Think of the startling truth and eye-opening adventure of *Eat, Pray, Love*. With Suzy Farbman's new book, you're in the hands of another great American writer.

From three design partners at Google Ventures, a unique five-day process--called the sprint--for solving tough problems using design, prototyping, and testing ideas with customers.

From a Pulitzer Prize-winning investigative reporter at *The New York Times* comes the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. *Salt Sugar Fat* is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). *Salt Sugar Fat* is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing
