Today, the Big Three of manga are not alone -- and they haven't been around for 10 years. While One Piece, Naruto, and Bleach were taking the world by storm, another Big Three has been rising -- not in Japanese manga but in Korean manhwa. The names of these mysterious challengers have steadily grown over the years, and since Line Webtoon published its official English translations in 2014, their popularity has exploded drastically.

I am quite a big fan of anime and manga now, but this was the first book of manga I went out and bought, thinking that it would be a perfect first buy since it was a collection of "Best New Manga". Anyway I was wrong. This book contains a couple of short stories written by international artists (by this I mean artists not living in Japan).

In fact, their technique of drawing a characters' legs to simulate running was adopted by many manga-ka (manga makers and comic book artists) working today [1]. During the Edo Period (1603-1867), another book of drawings, Toba Ehon, embedded the concept of manga [2], yet the term itself was first used in 1798, to describe the picture book Shiji no Yukikai (Four Seasons) by Santō Kyōden.
