Visuwords

The Spanish-English Bilingual Visual Dictionary introduces a range of useful current vocabulary in thematic order, using full-color photographs and artworks to display and label all the elements of everyday life -- from the home and office to sport, music, nature, and the countries of the world -- with panel features on key nouns, verbs, and ...

Simplifies word searches in either language by using more than three thousand five hundred labeled illustrations

Provides precise color illustrations of everything created by man or nature--from human anatomy to airplanes--labeling each picture with the correct terminology of its parts

The classic, bestselling reference on architecture now revised and expanded! An essential one-volume reference of architectural topics using Francis D.K. Ching's signature presentation. It is the only dictionary that provides concise, accurate definitions illustrated with finely detailed, hand-rendered drawings. From Arch to Wood, every concept, technology, material and detail important to architects and designers are presented in Ching's unique style. Combining text and drawing, each term is given a minimum double-page spread on large format trim size, so that the term can be comprehensively explored, graphically showing relations between concepts and sub-terms A comprehensive index permits the reader to locate any important word in the text. This long-awaited revision brings the latest concepts and technology of 21st century architecture, design and construction to this classic reference work It is sure to be by the side of and used by any serious architect or designer, students of architecture, interior designers, and those in construction.

Labeled drawings provide a wide range of everyday terms from the telephone to human anatomy in English and Mandarin Chinese.

Text, "exploded view" photographs, and labels reveal everyday objects and their parts, including the telephone, camera, and bicycle.

Discusses the features associated with various types of American homes

Ultimate Visual Dictionary is a comprehensive, annotated visual dictionary of more than 33,000 commonly researched places and things, from the origins of the universe to modern technology. Organized into 14 major sections including Animals, Rail and Road, Music, and more, each has its own table of contents, enabling readers to find a pictorial definition of an object without necessarily knowing its name in advance. Can't remember the name of a kangaroo's pouch? Just flip to the "Marsupials & Monotremes" spread in Ultimate Visual Dictionary and find out. Or, turn the pages to discover the different components of the human body, identify the parts of a tractor, or figure out tricky sports terms. Stunning color photography and detailed cutaway illustrations bring complex subjects to life, alongside straightforward explanations of basic principles and ideas. With this revised edition of DK's Ultimate Visual Dictionary, readers will never again be at a loss for words.

Russian-English Bilingual Visual Dictionary of DK's bestselling series makes language learning accessible by using photographs to put the everyday vocabulary of the modern world into context. A thematic organization of more than 10,000 fully illustrated terms labeled in both Russian and English and comprehensive two-way indexes put the perfect translation at your fingertips. Additional feature panels include abstract nouns and verbs, as well as useful phrases that you can use in conversation once you are feeling more confident. Russian-English Bilingual Visual Dictionary is a colorful and stimulating learning resource ideal for all levels, whether you are a student, teacher, tourist, or
