The Philosopher and the Wolf is a beautiful and often hilarious story about a man's relationship with a wild creature who became his friend and brother: Brenin was "...an extraordinarily well-travelled wolf, living in the US, Ireland, England, and, finally, France."

Amazon.co.uk: Mark Rowlands ...
The Philosopher and the Wolf is a
philosophical memoir about a
man's life and what he learned
about it by living with a wolf for
over a decade. Ultimately,
however, the book is a
philosophical reflection on the
human condition.

The Philosopher and the Wolf -
The Philosopher's Zone ...
His best known work is his
international best-selling memoir,
The Philosopher and the Wolf,
about the decade he spent living
and travelling with a wolf. As
Jonathan Derbyshire wrote in his
Guardian review, "it is perhaps
best described as the
autobiography of an idea, or
rather a set of related ideas,
about the relationship between
human and non-human animals."

Lessons From The Wild On ...

This fascinating book charts the relationship between Mark Rowlands, a rootless philosopher, and Brenin, his well-travelled wolf. More than just an exotic pet, Brenin exerted an immense influence on Rowlands as both a person, and, strangely enough, as a philosopher, leading him to re-evaluate his attitude to love, happiness, nature and death.

Philosopher and the Wolf By Mark Rowlands | Used ...

A beautiful heart warming and heart rending true tale of one man's love of and life with a wolf, Brenin, from the time when the wolf was a six week old cub to his death eleven years later. For eleven years the two were

Susan R. Wolf - Wikipedia

The wolf is the best part of this book! You have a philisopher living with a wolf and rambling on at times about philosophy, which made me want to skip ahead. I think this is a mostly true account, but it makes me realize some people (like this author) are dysfunctional members of society who rise to recognition and success in spite of themselves.
