point for learning how to use think-cell. User manual. Our user manual is a handy reference on the usage concepts underlying think-cell and its various chart types. Knowledge base. Our knowledge base covers all technical issues we are aware of at the moment.

Getting started :: think-cell
think-cell can use PowerPoint's scheme colors for many elements and features (e.g. axes, text, arrows, etc.). These colors as well as font definitions are always taken from the default colors and fonts of your presentation file. If the defaults are designed correctly, think-cell will follow seamlessly when you choose to switch the color scheme.
