In this funny, vulnerable, and genuine memoir, award-winning content creator and actress Avani Gregg takes you behind the scenes of her incredible life, sharing how a girl from small-town Indiana went on to become TikToker of the Year. With more than fifty million followers on social media; invitations to glamorous events around the world; awards, magazine covers, and even her own makeup line—Avani Gregg never imagined this wild ride for herself. After all, she was just from a small town, spending her time hanging with friends and family and combing thrift-store racks for finds. It only took one video—her famous “Clown Girl Check”—and she suddenly found herself vibing as one of the original Hype House creators. “People think I exploded overnight,” the eighteen-year-old TikTok sensation says. “But they don’t know the half of it. They don’t know what came before or after. They don’t know my Backstory.” In this eye-opening memoir, Avani shares the ups and down of her remarkable life, including the devastating back injury that forced her to retire from gymnastics and abandon her dreams of Olympic gold. In the aftermath, struggling to make sense of it all, she found her calling: creating jaw-droppingly dramatic makeup looks on social media that leave her “Bebs” begging for more. Diving deep into topics like mental health, relationships, bullying, and more, Avani shares her private sketchbook and most intimate thoughts: “There’s a lot we all think and feel but are afraid to say out loud. Well, I’m saying it...and it’s gonna get deep.” This is the unfiltered, revealing, and deeply inspiring Backstory of someone with big dreams and how she worked to achieve them. And Avani is not holding back.

WINNER • 2021 PULITZER PRIZE IN BIOGRAPHY • WINNER — 2020 NATIONAL BOOK AWARD FOR NONFICTION • TIME Magazine — 10 Best Nonfiction Books of 2020 • A New York Times Notable Book of 2020 and Editors' Choice Selection • Best Books of 2020: NPR, Washington Post, Library Journal, Chicago Public Library • Excerpted in The New Yorker • Longlisted — Andrew Carnegie Medal for Excellence in Nonfiction • Best Books of Fall 2020 — O, the Oprah Magazine, The Week, St. Louis Post-Dispatch An epic biography of Malcolm X finally emerges, drawing on hundreds of hours of the author’s interviews, rewriting much of the known narrative. Les Payne, the renowned Pulitzer Prize – winning investigative journalist, embarked in 1990 on a nearly thirty-year-long quest to interview anyone he could find who had actually known Malcolm X—all living siblings of the Malcolm Little family, classmates, street friends, cellmates, Nation of Islam figures, FBI moles and cops, and political leaders around the world. His goal was ambitious: to transform what would become over a hundred hours of interviews into an unprecedented portrait of Malcolm X, one that would separate fact from fiction. The result is this historic biography that conjures a never-before-seen world of its protagonist, a work whose title is inspired by a phrase Malcolm X used when he saw his Hartford followers stir with purpose, as if the dead were truly arising, to overcome the obstacles of racism. Setting Malcolm’s life not only within the Nation of Islam but against the larger backdrop of American history, the book traces the life of one of the twentieth century’s most politically relevant figures “from street criminal to devoted moralist and revolutionary.” In tracing Malcolm X’s life from his Nebraska birth in 1925 to his Harlem assassination in 1965, Payne provides searing vignettes culled from Malcolm’s Depression-era youth, describing the influence of his Garveyite parents: his father, Earl, a circuit-riding preacher who was run over by a street car in Lansing, Michigan, in 1929, and his mother, Louise, who continued to instill black pride in her children after Earl’s death. Filling each chapter with resonant drama, Payne follows Malcolm’s exploits as a petty criminal in Boston and Harlem in the 1930s and early 1940s to his religious awakening and conversion to the Nation of Islam in a

Massachusetts penitentiary. With a biographer's unwavering determination, Payne corrects the historical record and delivers extraordinary revelations—from the unmasking of the mysterious NOI founder “ Fard Muhammad, ” who preceded Elijah Muhammad; to a hair-rising scene, conveyed in cinematic detail, of Malcolm and Minister Jeremiah X Shabazz's 1961 clandestine meeting with the KKK; to a minute-by-minute account of Malcolm X's murder at the Audubon Ballroom. Introduced by Payne's daughter and primary researcher, Tamara Payne, who, following her father's death, heroically completed the biography, *The Dead Are Arising* is a penetrating and riveting work that affirms the centrality of Malcolm X to the African American freedom struggle.

Winner of the Pulitzer Prize for History and a New York Times bestseller, the definitive biography of Malcolm X Hailed as "a masterpiece" (San Francisco Chronicle), Manning Marable's acclaimed biography of Malcolm X finally does justice to one of the most influential and controversial figures of twentieth-century American history. Filled with startling new information and shocking revelations, Malcolm X unfolds a sweeping story of race and class in America. Reaching into Malcolm's troubled youth, it traces a path from his parents' activism as followers of Marcus Garvey through his own work with the Nation of Islam and rise in the world of black nationalism, and culminates in the never-before-told true story of his assassination. Malcolm X is a stunning achievement, the definitive work on one of our greatest advocates for social change.

An inspiring and eye-opening memoir showing how Democrats can reconnect with rural and red-state voters, from Montana's three-term democratic senator Senator Jon Tester is a rare voice in Congress. He is the only United States senator who manages a full-time job outside of the Senate—as a farmer. But what has really come to distinguish Tester in the Senate is his commitment to accountability, his ability to stand up to Donald Trump, and his success in, time and again, winning red state voters back to the Democratic Party. In *Grounded*, Tester shares his early life, his rise in the Democratic party, his vision for helping rural America, and his strategies for reaching red state voters. Leaning deeply into lessons on the value of authenticity and hard work that he learned growing up on his family's 1,800-acre farm near the small town of Big Sandy, Montana—the same farm he continues to work today with his wife, Sharla—Tester has made his political career a testament to crossing the divides of class and geography. The media and Democrats too often discount rural people as Trump supporters; Tester knows better. His voice is vital to the public discourse as we seek to understand the issues that are important to rural and working-class America in not just the 2020 election but also for years to come. A heartfelt and inspiring memoir from a courageous voice, *Grounded* shows us that the biggest threat to our democracy isn't a president who has no moral compass. It's politicians who don't understand the value of accountability and hard work. Tester demonstrates that if American democracy is to survive, we must put our trust in the values that keep us grounded.

New York City was being systematically crippled by crimes committed in a very organized fashion. Communities and neighborhoods were paralyzed with fear. Just when all hope seemed lost, the tide turned. Rumors spread about a group of renegade crime fighters with extraordinary powers. They called themselves, The Unbeatables. Henry Fleming (Strongman) was their leader. They were superhero pioneers. No flashy names. No dazzling uniforms. As a result of their heroic efforts, The Unbeatables introduced Genvars (Genetic Variations) to a skeptical world that up to that point considered the occasional grainy video footage of someone displaying abnormal powers to be nothing more than a hoax. Soon, more Genvars came out of hiding. But their assimilation into society was met with resistance and trepidation. Civil unrest was threatening the very foundation of the country. The government held controversial hearings to deal with the fear and unrest that was crippling the country. Genvars desperately needed a leader to unite and represent them. They wanted Strongman. Through his own chronological narrative, Henry Fleming gives us an unabashed accounting of his extraordinary life. Whether it's the searing pain of a broken heart, the unapologetic dispensing of justice, or his lifelong search for the answer to the same question we each ask ourselves. Why Am I here? Sometimes it's not who we think we are that matters as much as who other people believe we are.

A gripping, true story of one man's forty-year struggle with compulsive gambling and his hard-won recovery. "My history of gambling really began before I was born." So opens Born to Lose, Bill Lee's self-told story of gambling addiction, set in San Francisco's Chinatown and steeped in a culture where it is not unheard of for gamblers (Lee's grandfather included) to lose their children to a bet. From wagering away his beloved baseball card collection as a youngster to forfeiting everything he owned at black jack tables in Las Vegas, Lee describes what gambling addiction feels like from the inside and how recovery is possible through the Twelve Step program.

When I die and people realize that I will not be resurrected in three days, they will forget me. That is the way it should be. For reasons known only to God, I was asked to write an autobiography. Most people who knew me growing up didn't think I would ever read a book, let alone write one. —Lou Holtz Few people in the history of college sports have been more influential or had a bigger impact than Lou Holtz. Winner of the three national Coach of the Year honors, the only coach ever to lead six different schools to season-ending bowl games, and the ninth-winningest coach in college football history, Holtz is still

teaching and coaching, although he is no longer on the gridiron. In his most telling work to date, the man still known as "Coach" by all who cross his path reveals what motivated a rail-thin 135-pound kid with marginal academic credentials and a pronounced speech impediment to play and coach college football, and to become one of the most sought-after motivational speakers in history. With unflinching honesty and his trademark dry wit, Holtz goes deep, giving us the intimate details of the people who shaped his life and the decisions he would make that shaped the lives of so many others. His is a storied career, and Holtz provides a frank and inside look at the challenges he overcame to turn around the programs at William and Mary, North Carolina State, Arkansas, and Minnesota. From growing up in East Liverpool, Ohio, to his early days as a graduate assistant at the University of Iowa, to his national championship runs at Notre Dame and his final seasons on the sidelines in South Carolina, Lou Holtz gives his best, a poignant, funny, and instructive look into a life well lived.
